- (b) Full address:
- (c) Nationality, racial origin, and, if applicable, the number of naturalization certificate:
- (d) Occupation:
- (e) Length of residence within the Province immediately preceding date of application:
- (f) Serial number of licence to trap fur-bearing animals (resident Indian excepted):
- (g) Complete description of trapping area, showing location and sufficiently defining said area by reference to the nearest known natural and geographical points. A sketch-map of the trapping area which it is desired to register must be presented by each applicant, showing the location of cabins, shelters, or trails, and any other information that may from time to time be requested by the Game Commission:
- (h) The number of years applicant has trapped said trapping area:
- (i) Particulars as to marks, blazes, or signs set out denoting the boundaries of the trapping area. (A registered trapper is required to blaze or otherwise mark his registered trap-line on the ground.)

4. Except in the case of Indians who are residents of the Province, no application for registration of a trapping area, or for renewal of registration thereof, shall be accepted unless the applicant is the holder of an existing licence to trap fur-bearing animals.

5. Upon being satisfied that the territory applied for as a trapping area is suitable for the purpose and that trapping thereon is warranted, and upon approving the application, the Game Commission may register said area.

6. Subject to the provisions of subsection (1) of section 39A of the "Game Act," the granting or acceptance of the application and the allotting of a trapping area shall be in the sole discretion of the Game Commission.

7. Every holder of a registered trapping area shall blaze or otherwise mark said area in such a manner that will sufficiently and clearly indicate the same on the ground, and any trap-line that has not been so marked shall be liable to cancellation.

8. No bird or animal, or any part of any bird or animal, shall be used as bait on any trapping area during any period when the hunting, killing, or possession of such bird or animal is unlawful in the district wherein the said trapping area or any part thereof lies.

9. Every holder of a registered trapping area shall, immediately upon expiration of his licence to trap fur-bearing animals, and, in the case of Indian registered trap-line holders, after the close of the trapping season, submit a true and complete report to, and on a form prescribed by, the Game Commission, showing the number and species of fur-bearing animals trapped or taken on the trapping area within the period during which he has held the said licence to trap. Further, every such licensed or Indian trapper having beaver in or on his or their trapping area must, at the conclusion of the trapping season, include in the report or return referred to an estimate of the number of beaver left on his or their trap-line.

10. Registration of a trapping area shall be for the period ending on the thirtieth day of June next following the date of registration or of renewal of registration; but the registered holder of a trapping area shall, on or before the thirtieth day of September next following the expiration of the registration period, apply for a renewal of the registration for a further registration period; provided, when reasonable grounds are presented, the Game Commission may grant an extension of this period.

11. The registered holder of a trapping area for which application for renewal has not been made pursuant to these regulations or has been refused by the Game Commission shall, ipso facto, forfeit all rights thereto, and registration of the trapping area may then be applied for by any other qualified person. Where the Game Commission, in the interests of conservation, has directed or consented to the fur-bearing animals on a trapping area remaining untrapped during any period, and where the last or present registered holder, if he requested the said area to remain untrapped and after obtaining the necessary permission so to do, continues during that period to be the holder of a licence to trap fur-bearing animals, the Game Commission may preserve to the last or present registered holder the first and preferred right to apply for or renew his application for registration of the trapping area when it is next open for trapping.

12. The Game Commission may, notwithstanding anything contained in these regulations, hold in good standing without the need of annual registration, as set forth in these regulations, the right of registration over any trapping area where the registered holder thereof has enlisted in and is on active duty in any branch of His Majesty's armed forces.

13. In any transfer of a registered trapping area or when any alteration is required to be made to the original trap-line registration at the request of the trap-line holder or owner or any other person, and after obtaining the approval of the Game Commission, the person in whose name the registration is being transferred or altered must pay a transfer fee of two dollars and fifty cents (\$2.50).

14. Leasing, loaning, renting, or in any way allowing any other person trapping rights on or over any registered trapping area or part thereof is prohibited, except under permit issued by and at the discretion of the Game Commission.

15. No person shall be the holder of or operate or trap on more than one trap-line or trapping area. No trapper, trapping on private property or in any municipality, shall trap or assist in trapping any registered trap-line, without permission so to do first being obtained from the Game Commission.

16. No registered trapper shall dispose of his registered trap-line by sale or otherwise except under permit issued by the Game Commission, and where a trapper has been granted permission to sell or otherwise dispose of his trap-line, such trapper shall only be entitled to register one new trapping area.
